

HALLS OF RESIDENCE

HANDBOOK

2026-2027

Welcome!

Failte gu Galashiels!

Welcome to Heriot-Watt University!

We are delighted to welcome you to your new home, where you will study new things and make new friends.

For many of you, this will be your first time living away from home, and this new experience may seem a little daunting as well as exciting. You are in a brand-new living environment with lots of unfamiliar faces, so you may understandably feel a little bit nervous. It is completely natural to feel nervous during this transition period, but rest assured that you are not alone, everyone else is nervous too!

There are plenty of social activities on campus such for you to get involved and hopefully meet new like-minded people and make friends.

Living in a community also carries a responsibility to ensure your actions do not negatively impact on others. This handbook sets out our expectations, rules, and guidelines that all residents need to be familiar with during their stay on campus. These rules and guidelines have been established to foster a supportive community that promotes the physical and mental welfare of all individuals while also providing an atmosphere conducive to academic pursuits.

Your wellbeing and safety are really important to us, and it is our aim to provide you with a safe, inclusive, and supportive community within the halls of residence. Should you ever have any concerns or questions, please don't hesitate to reach out.

This handbook may be amended from time to time, with all updates accessible via [Watt Living](#).

We hope you enjoy your stay at Jean Muir Student Village!

Disputes often arise over different expectations of cleaning standards, frequent guests or parties. Always speak to your flatmates with respect and address any issues quickly to avoid rising tensions.

It is important to disclose this to the University so that the appropriate support can be arranged during your stay on campus.

BULLYING AND HARASSMENT

No student should have to experience bullying or harassment while living, studying, or working on campus.

Heriot-Watt University is committed to creating a safe, inclusive, and respectful environment for everyone.

The University's position is clear: harassment and discrimination will not be tolerated and may result in serious disciplinary action, including removal from accommodation or the University. If you have experienced or witnessed bullying or harassment, we strongly encourage you to report it.

Damage & Charges

Any damage caused by misuse, negligence, or vandalism may result in additional charges. This includes damage caused by your guests.

DAMAGE

Individual Liability

Under your Accommodation Contract, you are required to:

- Keep your room, shared areas, and all fixtures and fittings clean and tidy
- Return your room in the same condition as when you arrived (fair wear and tear excepted)
- Pay for any additional cleaning, maintenance, damage, or repairs caused by you or your guests

Charges may include:

- Additional cleaning

Joint Liability

We encourage individuals to take responsibility for their actions.

However, despite our best efforts, there may be occasions where responsibility for damage or loss cannot be linked to a specific individual.

In these situations, the Accommodation Contract states that the cost of any cleaning, repair, or replacement may be shared among all residents in the affected area on a **pro-rata basis**, as determined by the University.

CLEANING

The Residences and Cleaning team maintains the cleanliness in the halls. If you have any questions or concerns, please contact boundshalls@hw.ac.uk.

While some assisted cleaning is provided in kitchens, you are responsible for keeping your bedroom and bathroom clean.

For tips and tricks to keep your flat clean, please visit our [cleaning guide](#)

Kitchen

The cleaning team provides assisted cleaning in your kitchen; however, all residents share responsibility for keeping it clean and tidy.

You are expected to:

- Wash and put away your dishes
- Clean up all spillages on hobs, ovens, and work surfaces
- Keep your fridge clean and hygienic
- Keep your freezer clean and free from excessive ice build-up
- Dispose of waste and recycling regularly in the designated outdoor bins

Please do not leave rubbish or bin bags in corridors, staircases, or outside your door, as this is a fire hazard.

If you need additional bin bags, please speak to the Accommodation team or email boundshalls@hw.ac.uk

Messy kitchen process

If a kitchen is found to be untidy, residents will first be notified and asked to clean the space.

If the issue continues or is repeatedly reported:

- The cleaning team may proceed with additional cleaning
- The cost will be charged to all residents of the flat, including cleaning time, materials, and any repairs, plus an administration fee

In cases where a kitchen is deemed to be extremely unhygienic, cleaning may take place without prior notice, and charges will apply.

CLEANING

Cleaning Inspections

Cleaning inspections are carried out once per semester, with at least 24 hours' notice provided by email.

While it is preferable for you to be present, inspections may take place in your absence.

If your room or bathroom is found to be in an unsatisfactory condition and is not rectified within the required timeframe, it may be cleaned by our team at your expense.

During inspections, we will also check for banned or unsafe items. You may be asked to remove these, or they may be confiscated, and this could result in further action, including fines.

Confiscated items can be collected at the end of your stay by contacting the the Accommodation team.

Waste and Recycling

We are committed to managing waste responsibly and sustainably. Each kitchen is equipped with the following bins:

- yellow bin: General waste
- Green bin: Recycling

Bin bags for general waste and recycling are provided by the University, and additional supplies can be requested from your cleaner.

For more information on what can be disposed of in each bin, please visit our [waste disposal page](#).

Correct waste disposal helps keep your kitchen clean, prevents pests and unpleasant smells, and supports environmental sustainability.

BEHAVIOUR AND CONDUCT

Living in shared accommodation can be a fun and rewarding experience. It offers the opportunity to meet new people and be part of a vibrant community. However, it also requires mutual respect and consideration for others.

To ensure a safe, comfortable, and positive living environment, all residents are expected to follow the University's guidelines and regulations.

Any reported breaches will be investigated, and appropriate sanctions will be applied depending on the seriousness of the incident.

Repeated or more serious cases may be referred to the Accommodation Manager and the Student Conduct Team.

Information relating to alleged breaches may be shared with relevant University teams, where necessary.

A copy of the Student Discipline Policy and Procedures is available [here](#)

Right to Refuse or Remove Guests

The Accommodation team and/or Safeguarding Team reserve the right to refuse entry to or ask any guest to leave the premises at any time if required.

BEHAVIOUR AND CONDUCT

Noise

Noise is one of the most common concerns in shared accommodation. Loud music, raised voices, or slamming doors can cause disturbance and may affect others' ability to study, rest, or sleep.

While some level of noise is expected when living in a large residential community, **excessive or persistent noise will not be tolerated at any time of day.**

Please note that you are living in a building with a large number of residents, and the environment will not be as quiet as a private home. Mutual respect and consideration are essential.

Accommodation and Safeguarding Team will determine whether noise levels are excessive. Their decision is final.

The following rules are in place to help maintain a respectful and peaceful living environment:

- Keep noise to a reasonable level at all times.
- Noise that can be heard outside your bedroom is considered unacceptable
- Be mindful of activities such as phone calls, music, and socialising
- Please note that the quiet hours in halls are 23:00 – 07:00
- Any disturbances during these hours may result in disciplinary action
- Complaints during quiet hours will be reported to Safeguarding and Accommodation.

- Playing musical instruments is not permitted in bedrooms unless you are using headphones. If you require a practice space, please contact bordershalls@hw.ac.uk.

Please be considerate when returning to halls, particularly late at night.

- Avoid loud conversations, shouting, or group gatherings near entrances
- Do not congregate outside residential buildings, especially during quiet hours
- Be aware that even small groups can create significant disturbance

If you are affected by noise:

- Politely ask the individual(s) to reduce the noise, where appropriate
- If the issue continues, report it to the Accommodation Team
- During quiet hours, contact the Safeguarding Team for immediate support

Repeated or serious noise disturbances will not be tolerated.

- Students involved in three or more noise-related incidents will receive an automatic £50 fine
- Persistent offenders may face further disciplinary action, which could include removal from accommodation

BEHAVIOUR AND CONDUCT

Fire Safety Breaches

Most fires in student accommodation are preventable. Serious breaches of fire safety, such as smoking in rooms or tampering with fire safety equipment, may result in fines of up to £250, charges for damages, and further disciplinary action.

- Keep all fire doors closed at all times
- If you hear the fire alarm (outside of [scheduled testing](#)), evacuate the building immediately and head to the fire assembly point.
- You are legally required to evacuate; failure to do so may result in a fine of up to £50

For more information, please visit the [Fire Safety webpage](#).

Smoking

Smoking, including electronic cigarettes and vaporisers, is not permitted in any University building. This includes smoking out of windows.

If you wish to smoke or vape, you must do so at least 5 metres away from the building, to prevent smoke from drifting back inside.

Failure to follow these rules may result in disciplinary action:

- A fine (£50 - £250)
- You may lose your accommodation reference
- Repeated offences will be referred to the Student Conduct team

Banned items

To ensure the safety of all residents, certain items are not permitted in University accommodation. This includes hazardous materials and unauthorised appliances. You must not bring or use hazardous or combustible substances, including materials obtained from University laboratories.

The following list of banned items is not exhaustive, and the University reserves the right to add or remove any item:

- Pets, or animals of any kind
- Fridges, mini fridges, freezers, coolers
- Chip pans, deep fat fryers, older style pressure cookers or any appliance holding large quantities of oil
- Plugged in electrical fairy lights and strip lights (battery-powered ones are fine)

Banned items (cont.)

Note: All appliances must be unplugged when not in use and must be PAT tested (unless the items have been purchased in the UK/EU within the last 12 months).

You may bring small kitchen appliances (e.g. rice cookers, coffee machines, microwaves), provided that:

- They are used in the kitchen only
- They were purchased in the UK/EU
- They meet PAT testing requirements

Appliances purchased outside the UK/EU **must not be used** in University accommodation.

If you need to store refrigerated medicines in your room, you must contact the Disability team at disability@hw.ac.uk and provide supporting medical evidence before arriving on campus.

E-bike battery

Electric mobility scooters and battery-powered bikes are permitted to be used on campus, but their batteries must not be charged anywhere within halls of residence.

While in halls, batteries must be kept in a secure storage box at all times.

Please charge the battery within academic buildings on campus

Dangerous items

It is a disciplinary offence for any student to have the following items in their possession or control on campus:

- An offensive weapon.
- Any item capable of causing injury or adapted to cause injury.
- Any dangerous items.

This includes some types of hunting knives, flick knives, CS gas, air weapons, firearms, imitation firearms or anything that has the appearance of being a firearm.

If you need to keep a dangerous item in your room for a recognised sporting activity, you must:

- Notify the Residence Life Team in writing
- Provide details of how the item will be securely stored when not in use
- Receive written permission before bringing the item into the accommodation

A copy of any approved request will be shared with the Accommodation and Safeguarding Teams.

The following is also not permitted in University accommodation or on campus grounds:

- Fireworks or similar pyrotechnics
- Sky lanterns
- Nitrous oxide canisters

The university reserves the right to confiscate and remove any banned or prohibited items from student accommodation

BEHAVIOUR AND CONDUCT

Alcohol

We recognise that alcohol can be an enjoyable part of student life, and there is no issue with sensible drinking or choosing not to drink at all.

However, excessive alcohol consumption can have a negative impact on your wellbeing, academic progress, and relationships. It is also a common factor in anti-social behaviour, which can affect both the University community and the wider local area.

Any behaviour linked to excessive alcohol use that negatively impacts others may result in disciplinary action.

Drugs and Support

Your wellbeing is very important to us. While the University operates a zero-tolerance approach to illegal drugs, we are committed to supporting students who may be experiencing difficulties with substance use.

If you are concerned about your own or someone else's drug use, you are strongly encouraged to seek support. You can:

- Contact [Student Wellbeing](#)
- Speak confidentially with the [Accommodation Team](#), who can help you access appropriate support

Further information is available on the University Welfare webpage.

While support is available, breaches of the University's drug policy are treated very seriously. Cases may also be referred to the police where appropriate.

Drug-Related Offences Include:

- Possession or use of controlled drugs or intoxicating substances
- Possession of drug paraphernalia (e.g. shisha pipes, homemade bongos)
- Allowing drugs to be used by your guests within your bedroom or kitchen.

Please note that many new psychoactive substances ("legal highs"), even if not yet illegal under UK law, are still considered prohibited by the University.

Student Responsibilities

As a resident, you are expected to take personal responsibility for your behaviour and wellbeing, as well as for maintaining a safe and respectful community for others.

You must:

- **Not bring drugs** into University-owned accommodation
- **Not sell, share, or distribute drugs** under any circumstances
- **Drink responsibly** and be mindful of the impact of alcohol consumption
- **Behave responsibly**, ensuring your actions do not negatively affect yourself, other residents, or the wider community

BEHAVIOUR AND CONDUCT

Disputes

Residents are encouraged to resolve any disputes between themselves in the first instance. If this is not possible, they should contact the Accommodation Team, who can arrange a meeting or mediation.

All residents involved are expected to engage with the process and comply with any agreed outcomes. If mediation does not resolve the issue, the Accommodation Team may set clear rules or action points to ensure a fair compromise. Room changes are unlikely after check-in, so cooperation is essential

Photographic ID

Your photographic ID (e.g. HWU student card, passport, or driving licence) is for personal use only and must not be shared with others.

- Using another student's ID may result in a formal warning
- You are expected to carry a form of photo identification at all times

Students must present their HWU student card when reasonably requested by University staff, including the Residence Life or Safeguarding Team.

If you do not have your ID, your identity may be verified using your HWU number.

Failure to provide valid identification or providing false information may result in disciplinary action.

Social Media

Social media is a great way to communicate and connect with other students, and a handy tool to keep up to date with community news and relevant events.

Please be mindful and respectful of other users in the group. Residents must not post anything that may be considered as discriminatory or harmful to, or bullying or harassment of, any individual on any social media platform.

Please report any inappropriate/offensive posts to the Accommodation team.

Recording

Residents must respect the privacy of others at all times. **Recording individuals without their consent is strongly discouraged**, even in public areas of campus, and you should always obtain permission before capturing or sharing any recordings on your phone or social media.

The use or installation of personal CCTV, surveillance equipment, or drones on campus is strictly prohibited.

Any breach of this rule may result in disciplinary action

BEHAVIOUR AND CONDUCT

Cars on Campus

Students are permitted to bring their car to Jean Muir Student Village; a permit is not required. The main campus car park is the Netherdale car park, located next to the Gala Rugby Club; you do not require a permit to park there as it is a public car park.

If you need to park outside the High Mill, please apply for a permit via carparking@hw.ac.uk.

Parking

Parking in unauthorised areas is strictly prohibited. This includes:

- Disabled bays (without displaying a valid badge)
- Areas outside accommodation buildings (outside designated car parking areas)

Unauthorised parking may result in:

- Parking enforcement notices issued by Safeguarding
- Fines of up to £250

Students who accumulate four or more parking offences may be referred to the Student Conduct Team for disciplinary action

Responsible parking

Please ensure that your vehicle does not obstruct essential services.

- Do not park in front of the bins or fire hydrant/riser.
- Repeated offences may lead to fines, and you may be required to cover the cost of any additional waste collections

FIRE SAFETY

Fire safety is everyone's responsibility. The measures in place are designed to protect you and others living in the accommodation. It is essential that you familiarise yourself with the procedures below and follow them at all times.

Weekly fire check

Fire alarms are tested weekly on a Monday and will sound for approximately 10–20 seconds. You are not required to evacuate during these scheduled tests.

In the event of fire:

- Activate the alarm by using the nearest red break-glass point
- Leave the building immediately via the nearest fire exit
- Do not use lifts
- Contact the Safeguarding Control Room via the SafeZone App or call 07823 326242
- Proceed to the designated assembly point and wait for further instructions
- Do not re-enter the building until advised it is safe to do so

Fire Drills

Fire drills take place once per semester. You must treat every alarm as a real emergency and evacuate immediately.

Failure to evacuate, or remaining in the building for more than four minutes after the alarm sounds, may result in disciplinary action.

Fire Alarm Activations

Activating a fire alarm, whether intentionally or accidentally, is a disciplinary offence and may result in a £50 fine per incident.

Fire detection devices in bedrooms and corridors are highly sensitive and can be triggered by smoke, heat, steam, or vapours. To reduce the risk of false alarms and ensure everyone's safety, please follow the guidance below:

- Never leave cooking unattended
- Ensure ovens, grills, and hobs are clean and switched off after use
- Use extraction fans or open windows to clear cooking smoke
- Always keep kitchen doors closed when cooking
- Do not use deep fat fryers, chip pans, or appliances containing large amounts of oil
- Do not cook while under the influence of alcohol
- Keep bathroom doors closed when showering
- Avoid spraying aerosols (e.g. deodorant, hairspray) or using hairdryers and styling tools directly beneath detectors

Important Reminders

- Be cautious when using noise-cancelling headphones, as you may not hear a fire alarm
- When the alarm sounds, you are required to evacuate immediately

Failure to evacuate promptly or refusal to evacuate may lead in disciplinary action.

FIRE SAFETY

Fire Safety Equipment

All fire safety equipment is in place to protect you and others. Tampering with any fire safety equipment, such as covering smoke detectors, is a criminal offence and will be treated extremely seriously.

This may result in a fine of up to £250, disciplinary action, and possible removal from accommodation.

Any damage or tampering must be reported immediately.

Fire safety equipment includes fire blankets, fire extinguishers, fire panels, smoke detectors, and fire doors.

- Fire extinguishers are for use by trained staff only. Do not attempt to use them
- In the event of a fire, raise the alarm and evacuate immediately
- Fire blankets may be used on small cooking fires if you are confident in doing so—follow the instructions provided
- Fire doors must never be wedged or held open

Bicycles

Bicycles must not be stored or brought into halls, as they can block access routes and fire exits. Any bikes found inside the accommodation will be removed by the University.

You are responsible for securing your bicycle in designated storage areas.

Open flames

The use of open flame items is strictly prohibited in halls, as they present a significant fire risk and can endanger life and property.

Prohibited items include (but are not limited to):

- Candles, oil burner, incense and joss sticks.
- Fireworks and sky lanterns
- Shishas, hookahs, and live coals
- Flammable liquids and gases

Open flames are also not permitted anywhere on University grounds, including the use of barbecues in non-designated areas, decorative candles or oil lamps, and any lanterns with naked flames.

Electrical Equipment and Wiring

Students must not install additional wiring, cabling, television receivers, or telephones.

Student rooms are designed for a limited range of electrical items (e.g. laptops, TVs). The University may require you to remove any electrical items deemed unsafe, unsuitable, or non-compliant.
